Dear Customer

Notification of parking suspensions and road closures during essential gas works

As part of our commitment to keeping you safe and warm by making sure our network is fully maintained, we're replacing our old metal gas mains with new plastic pipe in the Station Road / The Loan area of South Queensferry. This essential work will ensure a safe and reliable gas supply for many years to come. Our engineers plan to commence Monday 2 September and should be finished in approximately 14 weeks.

During this project it will be necessary to close the following streets to through traffic:

- Kirkliston Road between house number 10 and Loch Road (2 Sep)
- The Loan from the entrance to Scotmid to Loch Road (9 Sep)
- Loch Road at its junction with The Loan (9 Sep)
- Station Road between The Loan and Burgess Road
- Morison Gardens between The Loan and Loch Road
- Ashburnham Road at its junction with Station Road
- Burgess Road at its junction with Station Road
- Station Road Ashburnham Road – Forth Terrace (7 Oct)
- High Street – no through road

Signed local diversion routes will be in operation during this time. Parking suspensions will be in place, although access to driveways will always be maintained where possible. As works will be carried out on a phased basis not all streets will be affected at once.

The normal bus service will be affected during certain road closures. Please see plan overleaf showing temporary route. For updates on these services please check, www.lothianbuses.com/live-travel-info/roadworks-and-diversions/

We wish to assure you that work will progress as quickly as possible and we will make every effort to minimise any inconvenience caused.

There should be no impact on your existing gas supply. We're just making sure our network is fully maintained, keeping you and your family safe, and I'd like to thank you in advance for your co-operation.

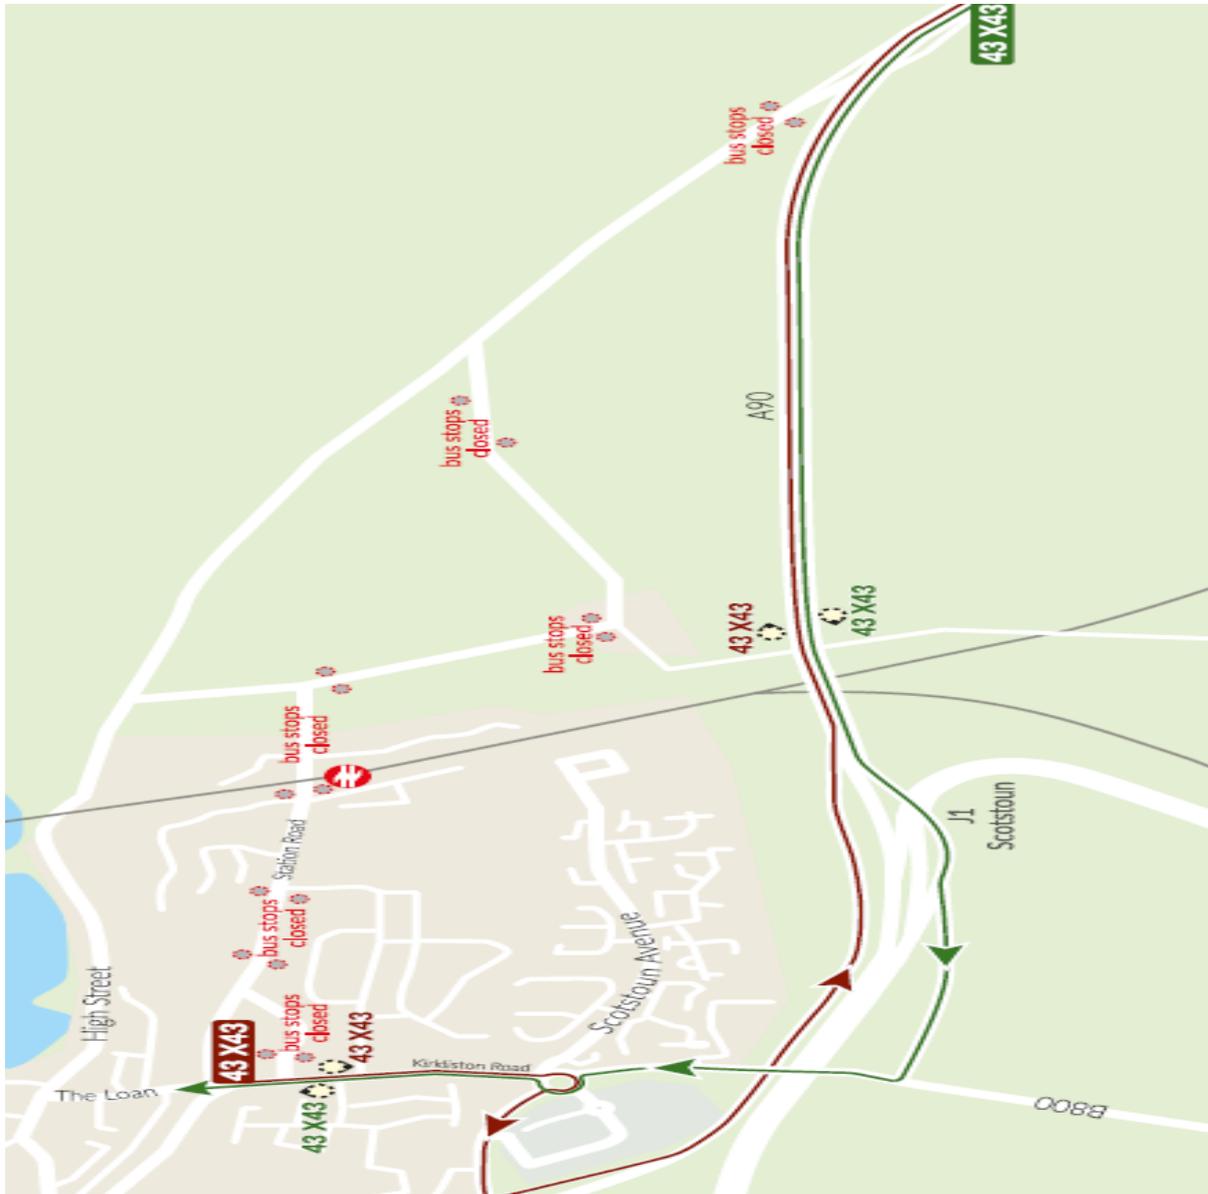

If you'd like to discuss anything about this project, please call us on 0131 469 1728 during office hours (8am to 4pm) or 0800 912 1700 out with these times. Alternatively, you can email us at mains@sgn.co.uk.

Further information about SGN, and our Guaranteed Standards can be found <https://www.sgn.co.uk/>

Yours sincerely
Graeme Sutherland
Project Manager
