Queensferry and District Community Council

Date: 16 June 2014

Dear All

Proposed waiting restrictions – Kirkliston Road, South Queensferry

I refer to various requests received requesting an update to the proposed provision of waiting restrictions on Kirkliston Road.

I am aware there has been a delay in providing you with an update, for which I apologise. There is a formal statutory process which must be followed to install waiting restrictions.

I can confirm that objections were received during the public consultation period and these have been reviewed by the West Neighbourhood Team. Following consultation with the objectors, a slight amended to the original proposal has been accommodated.

I can now advise that a report is required to be submitted to the Transport and Environment Committee in August, to seek approval to the amended proposed restrictions.

I am aware that our initial hope was that a report was not needed, however despite the objections being withdrawn, as there has been a change to the original advertised proposals, a Committee report is required.

Once the Committee meeting has been held on 26 August 2014, I will provide you with a further update to advise you all of the outcome.

I trust this information is of assistance. If you require any further information please do not hesitate to contact me on 0131 529 7075.

Yours sincerely

Signature of or on behalf of
Dave Sinclair
Local Environment Manager
West Neighbourhood Team
